PATENT ATTORNEY

Sir:

Applicant petitions for a corrected filing receipt to identify the filing date of December 4, 2003 instead of December 3, 2003 as indicated on the filing receipt, a copy of which is attached.

Also attached is a Declaration by an employee of the United States Postal Service indicating that the "date in" written on the express mail receipt accompanying the filing of the application was written in error as December 3, 2004 instead of December 4, 2003.

In support of this Petition, attached as Exhibits A, B and C, are copies of the Utility Patent Application Transmittal letter, patent application cover sheet, and the first page of the Preliminary Amendment, each identifying the cited Express Mail label number, and each of which are, or should be, of record in the file wrapper of the above-identified application. Also attached as Exhibit D is a copy of a return postcard, also bearing the cited Express Mail label number, bearing the USPTO's bar code label carrying the application number and correlates the application number of the above-identified application to the Express Mail label number. The postcard is not of record in the USPTO file, but it is indicative that all documents identified thereon were received under the cited Express Mail label number

and received that application number.

The date is consistent with the filing papers of the application, all of which are dated December 4, 2003, and the Transmittal Letter (a copy attached) is also dated December 4, 2003.

Applicant submits a Charge Authorization Form PTO 2038 in the amount of \$130.00 to cover the petition fee.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.

Sir:

The undersigned, an employee of the United States Postal Service, states that:

1. The package addressed to the Commissioner for Patents and submitted under Express Mail No. EV241979035US was deposited with the United States Postal Service on December 4, 2003 as indicated on the stamp, and not on December 3, 2003 as indicated in the "date in" block.
2. The entry in the "date in" block was erroneously entered as "12 03 03" instead of the correct date of "12 04 03".
